MAKE YOUR MEAL ENJOYABLE BY FOLLOWING THESE 5 TIPS

1. Use the metal tongs to place raw meat on the grill. Use your chopsticks to remove cooked meat from the grill.

2. Do not load the grill up with too many meats at the same time. This increases the risk of fire.

3. Meats that are higher in fat content (especially Toro Beef, Pork, and Horumon) should be cooked around the edges of the grill.

4. Table sauces go in your sauce tray, not on the grill. Dip the already-cooked meat into the table sauces, but do not put table sauces on the meat while it is on the grill.

5. Questions about how to best grill your meat or what to order? Please ask your server!
